

SAFETY IV CANNULA WITH WINGS, WITH INJECTION PORT

- Needle safety guard automatically covers the bevel after withdrawal of needle from the hub, minimizing the risk of needle stick injuries.
- Siliconized, Ultra sharp, Stainless Steel, back-cut needle to perform easy and painless venipuncture.
- Catheter available in FEP, PUR and PTFE material. Siliconised with proprietary technology ensuring smooth surface and minimal discomfort for both patient and clinician.
- Through the injection port it is possible to make injections at the same time as on-going fluid therapy.
- Large flashback Chamber allows quick visualization for successful venipuncture.
- Instant confirmation of blood flow along catheter body increases clinician's ability to successfully access the vein.
- The flexible wings provides easy gripping and follows the contours of site allowing more secure fixation.
- Transparent needle cover to prevent accidental damage to needle and catheter.

Size	Color code	Catheter O.D.mm	Catheter Length mm	Flow Rate (ml/mnt)	Box Qty (inner/outer)
14G	Orange	2.0	45	270	50/500
16G	Grey	1.7	45	200	50/500
17G	White	1.5	45	125	50/500
18G	Green	1.3	45	90	50/500
20G	Pink	1.1	32	60	50/500
22G	Blue	0.9	25	36	50/500
24G	Yellow	0.7	19	23	50/500
